

The Gross Regional Product (GRP) of San Diego County from 2019 to 2023 demonstrates a consistent upward trend, reflecting significant economic growth over this period. In 2019, the GRP was approximately \$244.28 billion, and by 2023, it had increased to about \$308.71 billion. This growth represents a total increase of approximately \$64.43 billion over the five-year span. Despite the global economic challenges posed by the COVID-19 pandemic, the GRP showed resilience, with a slight increase from \$244.28 billion in 2019 to \$244.82 billion in 2020. The subsequent years marked a recovery and growth phase, with the GRP rising to \$268.87 billion in 2021, continuing to \$296.68 billion in 2022, and reaching \$308.71 billion by 2023.

In terms of per capita GRP, there was a notable increase from approximately \$73,347 in 2019 to about \$94,916 in 2023. This suggests that economic growth outpaced population growth, resulting in higher economic output per person. When compared to state and national levels, San Diego County's per capita GRP in 2023 was \$94,916, surpassing the California state average of \$93,800 and significantly exceeding the national average of \$77,366. This indicates that San Diego County is performing well economically relative to both state and national benchmarks.

	Year	GRP (Billion \$)	Per Capita GRP (\$)	
	2019	244.28	73,347	
	2020	244.82	-	
	2021	268.87	-	
	2022	296.68	-	
	2023	308.71	94,916	

Key sectors contributing to the GRP include Government, Professional, Scientific, and Technical Services, and Manufacturing. The Government sector consistently had the highest contribution, with \$52.92 billion in 2023. The Professional, Scientific, and Technical Services sector also showed strong growth, reaching \$37.04 billion in 2023, while Manufacturing remained a significant contributor with \$31.67 billion in 2023. Overall, San Diego County's economy demonstrated robust growth from 2019 to 2023, with significant contributions from key sectors and a per capita GRP that outperformed state and national averages.
